

ERS Eibach Race Spring System

- /// World's leading Motorsports Race Spring System
- /// Over 1,300 single components - main and tender springs - metric and imperial, supplemental suspension components and accessories, ready and in stock on 5 continents
- /// Comprehensive Program of single components
- /// Single Main Springs with highest rate-linearity and lowest rate tolerance
- /// Progressive Characteristics via set-up of different springs in series - double or even triple spring combinations
- /// Extreme Low Weights achieved through Super Hi-Ten materials and manufacturing technology
- /// Smallest Solid heights, maximized spring travels and higher maximum loads
- /// Spring Surface Stabilization through specialized shot peening
- /// Every ERS Spring preset to block
- /// Block and Sag Resistant
- /// Smallest Tolerances and precise plane parallelism of spring ends
- /// High Dynamic Durability - under Motorsports conditions
- /// High quality corrosion protection by phosphating and epoxy coating
- /// Springs Printed with part-number (descriptive code = rate and dimensions)
- /// Individual protective single box packaging
